

Triad #3
Due 1 April 2011, 11.59 PM
werthp@unlv.nevada.edu

Instructions. Choose ONE of the triads below on which to write. Scrupulously follow the instructions for triad essays as outlined on the web site. Submit the essay to me electronically (as an attachment saved in MS Word), using the address above. If you cannot send me the text in MS Word then send it in PDF. For a model of a good triad essay from last time (with critical commentary), see the web site.

When you compose your thesis, try to make your statement as robust and meaningful as possible. Recall that the idea here is to illuminate the issues that involve the three concepts/people/institutions. Think about how you can use the triad to explain and interpret the historical phenomena in question. Avoid banality.

People's Will Mikhail Loris-Melikov Security Law of August 1881	Sergei Degaev Grigorii Sudeikin People's Will
Populism (<i>narodnichestvo</i>) Marxism Terrorism	Alexander Ulyanov Terrorism Lenin

You may be convinced that a different triad would allow you to engage with the reading more effectively. I am open to this idea, but note that if you wish to offer an alternative triad you must have that approved by me by 25 March. Thereafter, you may only choose from among the triads offered here.
